DEACON'S CORNER

The Memorial for Saint Teresa of Jesus, also known as Saint Teresa of Avila, will be celebrated on Friday, October 15. Saint Teresa was born in Avila, Spain in 1515. At an early age, she entered the Carmelite Monastery. She devoted her entire life in reforming herself and the Carmelites. St. Teresa established a new Carmelite community known as the Discalced (shoeless) Carmelites who practice lives of prayer and simplicity. She founded 17 convents and wrote four books on prayer and contemplation.

Prayer was a central part of St. Teresa's life. She described prayer as "nothing else than an intimate sharing between friends; it means taking time frequently to be alone with Him who we know loves us. The important thing is not to think much but to love much and so do that which best stirs you to love. Love is not great delight but desire to please God in everything". Pope Francis explains, "The life of St. Teresa teaches us that the path of prayer is open to all who humbly open themselves to the action of the Spirit in their lives".

In 1622, St. Teresa was canonized and in 1970, she was named a Doctor of the Church for her writing and teaching on prayer. She and St. Catherine of Siena are the two women honored as Doctors of the Church. St. Teresa is the patron saint of headache sufferers. On her feast day, let us pray *The Prayer of St. Teresa*: "Let nothing disturb you; Let nothing frighten you. All things are passing. God never changes. Patience obtains all things. Nothing is wanting to them, who possess God. God alone suffices".
